

YOUR JOURNEY BEGINS HERE!

It's an exciting time to be you!

You have a few years left in high school to explore your potential and determine the course you want to take in life. On your trek to an amazing career, you'll find there are a lot of different paths – and now's the time to map out your goals.

The important thing is that you reach the destination you choose!

CAVIT TREK

LET'S GET GOING!

Choosing which direction to take for your future can seem tough, but you have a lot of support along the way. Your parents/guardians, teachers, and school guidance counselors want to help you succeed – not to mention all of us here at CAVIT! We've all been where you are today, so talk with us about your options and get some directions for the road.

CAVIT TREK

YOU ARE HERE.

Whatever path you take to make your dreams a reality, you can start the journey right now!

Non-Discrimination Statement

Central Arizona Valley Institute of Technology, is in compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and Title IX of the Education Amendments of 1972, and does not discriminate on the basis of race, ethnicity, religion, national origin, age, sex/gender, qualified handicapped, or veteran status in any of its policies, practices, or procedures. These equal opportunity provisions include, but are not limited to admissions, employment, and student services.

WHERE DO YOU WANT TO GO?

✕ PLAN AHEAD!

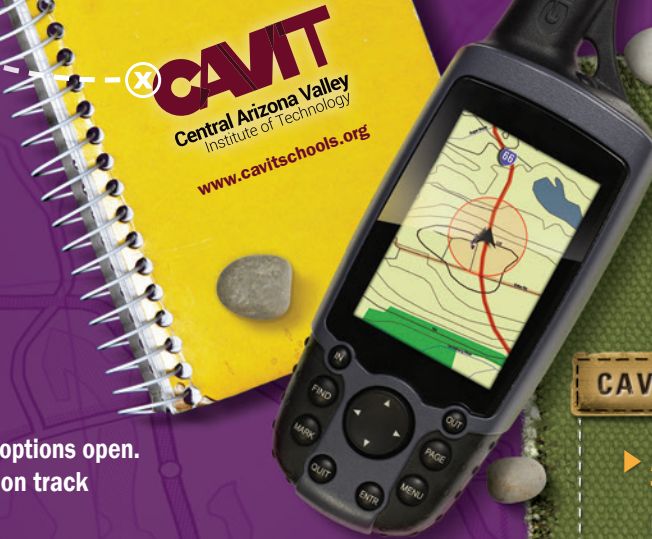

Right now you might not know whether you're headed for a career or college when you graduate high school... and that's okay!

We serve students from all walks of life:

- AP, IB, athletes, band, charter, online, home school, graduates up to the age of 21, etc.

At CAVIT, we work with your counselors to keep all your options open. To be accepted into a CAVIT program, you'll need to be on track with the following:

- Be a current sophomore or junior to apply
- Meet high school credit requirements for graduation
- Have good attendance
- Maintain a cumulative 2.0 or higher grade point average

✕ EXPLORE YOUR OPTIONS!

This year, you'll be able to apply for a CAVIT program that fits your future career goals.

ENROLLMENT STEPS:

1. Attend a November/December presentation hosted by CAVIT at your high school and choose two possible programs.
2. Attend a CAVIT Showcase tour in January at our Coolidge Campus and decide which program is right for you!
3. Participate in a January/February Letter of Intent Night and complete your enrollment process.

✕ YOUR CAREER TREK CAN BEGIN NOW!

At a place like CAVIT, you can earn high school elective credit while you're working towards an industry certification and free college credit in one of our cool training programs. Yes, that's right - you can leverage that certification and credit towards immediate employment to help pay your way through college.

CAVIT PROGRAM LEGEND

► **AUTOMATED INDUSTRIAL TECHNOLOGY:** Invent, design, and produce solutions for complex engineering challenges using mathematics, science, and technology.

► **BEHAVIORAL HEALTH:** Work with doctors and nurses by carrying out treatment plans for patients experiencing behavioral problems.

► **CONSTRUCTION TECHNOLOGY:** Work in all aspects of construction including estimating, framing, roofing, and interior finishing.

► **COSMETOLOGY:** Express individual creativity by providing a wide range of hair and color services.

► **CRIMINAL JUSTICE:** Perform law enforcement operations such as SWAT techniques, traffic control, police car maneuvers, and safely discharge firearms in the line of duty.

► **DENTAL SCIENCE:** Perform a wide range of dental office operations including x-rays, chair side assistance, instrument transfer, and preparation of teeth impressions.

► **DRONE TECHNOLOGY:** Build, program, and fly high-tech drones to perform data-gathering missions.

► **FIRE SCIENCE:** Perform lifesaving medical and rescue techniques to provide emergency services to those in need.

► **FORENSICS/CRIME SCENE INVESTIGATION:** Apply forensic science and investigative techniques to process crime scenes and interview suspects.

► **HEAVY EQUIPMENT OPERATIONS:** Shape the earth by operating bulldozers, scrapers, motor graders, and other construction and site preparation equipment in a variety of environments.

► **HOME HEALTH:** Perform daily living, medical, and recreational assistance to others in a home setting.

► **MASSAGE THERAPY:** Manage a full-service spa offering chair, hot stone, prenatal, sports, and Swedish massages as well as body scrub treatments.

► **MEDICAL RECORDS TECHNOLOGY:** Fuse the science of healthcare, computer technology, and administrative techniques to research and create solutions to the expanding needs of the healthcare field.

► **MEDICAL SCIENCE:** Perform medical office operations and deliver quality care services, including assisting with patient exams and minor office surgeries.

► **NURSING SCIENCE:** Perform personal care procedures including taking vital signs, transferring patients, and providing therapeutic treatments.

► **PATIENT CARE:** Monitor heart rhythms, draw blood, and collect specimens using the latest medical techniques.

► **PHARMACY SCIENCE:** Prepare prescriptions by measuring, weighing, mixing, and compounding medications.

► **PHYSICAL THERAPY:** Use sports-specific training, injury recognition, and physical therapy to prepare and rehabilitate the physically active.

► **VETERINARY SCIENCE:** Manage an animal wellness clinic delivering quality veterinary services including examinations, assisting in surgeries, and developing x-rays.

► **WELDING TECHNOLOGY:** Manipulate the power of fire and electricity to design and construct the metal products people use every day.
